My Hobbies

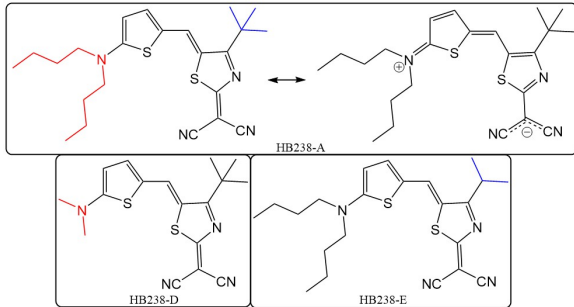

Motorcycling

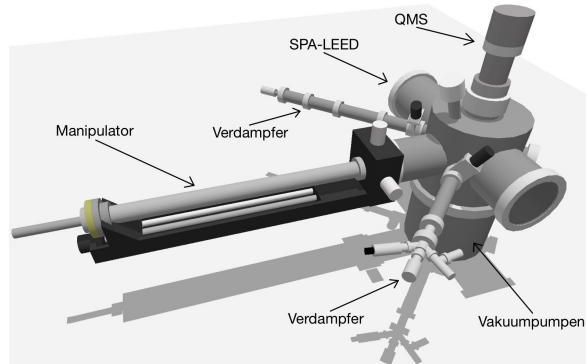

Exotic Plants

Thermische Desorptionsspektroskopie von Merocyaninen auf Ag(100)

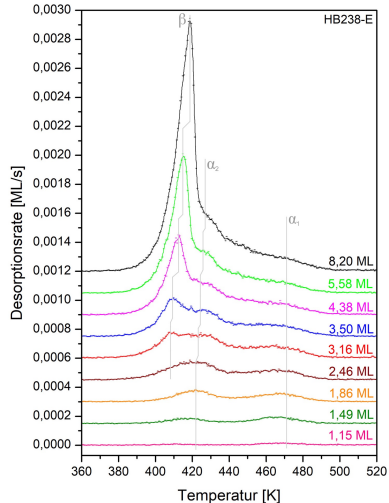

Structures of studied molecules

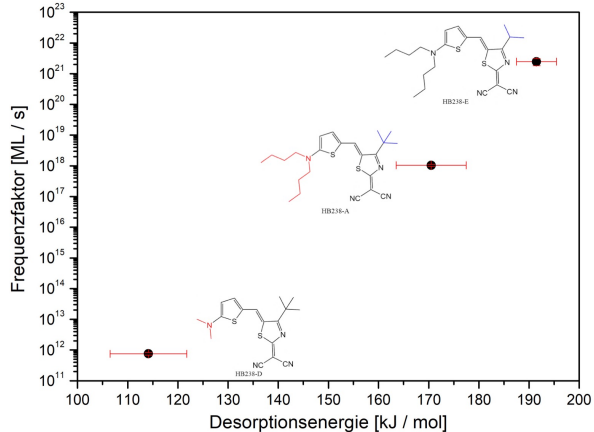

Research Setup

Bachelor Thesis Results

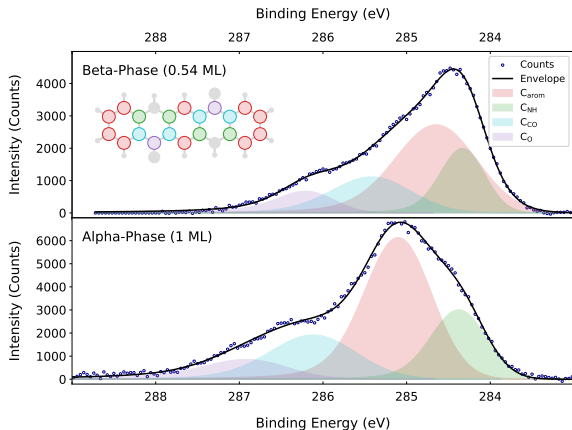

TPD spectra of HB238-E on Ag(100)

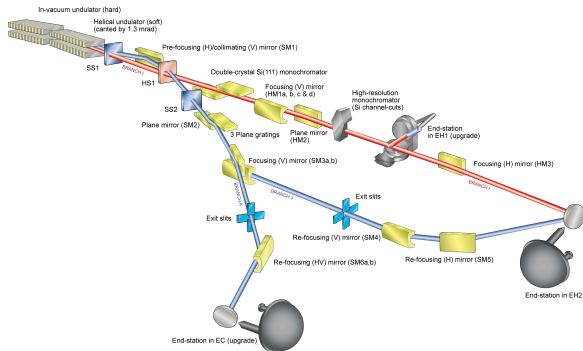

Desorption energy vs. pre-exponential factor

XPS & NIXSW of Quinacridone on the Ag(100) surface

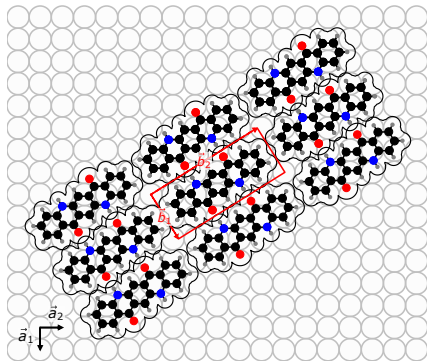

C1s XPS spectra of Quinacridone on Ag(100)

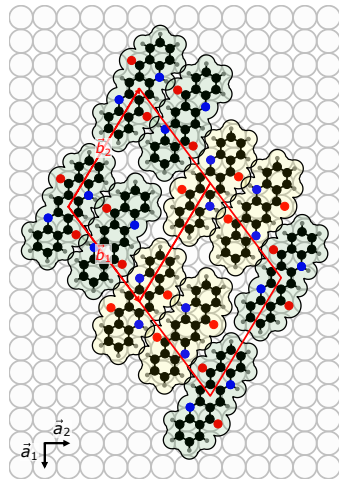

Diamond Light Source, UK

Results of Master Studies

α -phase of Quinacridone on Ag(100).

β -phase of Quinacridone on Ag(100).
